Established and incorporated in 1979, D-S Pipe & Supply is an independent, full line, stocking distributor of pipe, valve, fittings and piping specialties. **All stock under one roof**, located in Baltimore with ready access to I-95, the company fleet services from a 120,000 square foot warehouse. Delivery to most areas is on a daily basis; servicing Maryland, D.C., Virginia, Delaware and portions of Pennsylvania, West Virginia and New Jersey. At D-S Pipe & Supply, we represent the premier lines in the industry by supplying over 120 different industrial product lines with a primary focus on steel pipe, weld fittings, groove fittings, gate, globe, butterfly and ball valves. Our huge inventory enables us to immediately pull 95% of all order and stage them for next day delivery.
